YOU'RE OUTRAGED at the bigotry, hatred and murder that are being whipped up against black people, the LGBTQ community, women, immigrants and Muslims. You see how politics-as-usual fuels a brutal, bloody war on the world, dashing the possibility for positive change in a world that desperately needs it.

THE CHANGE WE NEED IS NOT ON THE BALLOT.
Neither candidate seeking to be Commander in Chief in 2016 will:

• stop targeted killing by U.S. military
• shut down or even trim the 1,100+ U.S. bases around the world
• apologize or pay reparations to those countries destroyed by the so-called "war on terror."

For the last 7½ years, the United States, under a Democratic Commander in Chief, has waged an illegitimate and immoral war encompassing Afghanistan, Pakistan, Iraq, Yemen, Libya, Syria, and Somalia while maintaining a torture camp in Guantánamo that he pledged to close on "Day 1."
The wars are now conducted largely through the use of killer drones – remotely controlled, without accountability, illegal, and hated around the world. These drone strikes have killed thousands, destroyed families, and traumatized whole nations. Neither Trump nor Clinton will stop the "war on terror" or end this culture of violence and hatred.

If you care about the future of humanity and the planet, then the only choice is to act together to stop this commitment to wars for empire.

THE FUTURE IS UNWRITTEN. WHICH ONE WE GET IS UP TO US.
JOIN US IN THE STREETS OF PHILADELPHIA EXPOSING AND OPPOSING THE U.S. ONGOING WAR ON THE PLANET.
